Can I pay with Bitcoin Cash?

Donald Nirvana - 2018-01-19 - in Payments

At the moment we do not accept Bitcoin Cash. We are working on having this option very soon. So if you have some Bitcoin Cash, please be a little patient. We will have this option available as soon as possible.

Please note that Bitcoin and Bitcoin Cash are two different Cryptocurrencies. You cannot pay your Bitcoin order with Bitcoin Cash. If you do, the transaction will process, but we do NOT receive the payment. It will be lost forever. SO PLEASE BE CAREFUL!!!
