At Nirvana we process your order as soon as the payment is received. It may take longer depending on which payment method you have selected.

Cash payments can take up to a month to arrive. It is important you send your cash payment through REGISTERED mail with your order number and a return address, to ensure it reaches its destination.

Bank transfer can take up to 5 working days to arrive. Be sure to include your order number in the transfer details or it might take a lot longer to process your payment.

Bitcoin payment can take between half an hour and 5 working days to process. This greatly depends on the choice of wallet and where the Bitcoins have been purchased. For more information, feel free to check out the "[How to pay with Bitcoin](#)" guide.

Credit card payments are by far the quickest. You can expect your order to be packaged the next working day.

Please note that postal services work differently in each country; some are faster than others.
