What are the shipping costs?

Raoul - 2017-04-07 - in Shipping

We charge a small fee per product for handling and shipping in order to maintain our high standard of fast and stealthy shipping. Orders with growth solutions as well as particularly large orders will be sent in multiple shipments.

The shipping costs greatly depends on the products in your order and the destination. For the actual shipping costs, check the total costs in your Shopping cart.

Nirvana offers free stealth shipping on every order above 100 euro.
