## I want to change my shipping address of my order

Raoul - 2017-04-07 - in Order

Once your order is placed, you cannot change the shipping address yourself. You will have to contact our support in order to change your shipping address. Notify our support as soon as possible because our support Angel Alice will run and try to intercept your order to correct the address!

Unfortunately, if your order is already shipped and on it's great adventure we cannot change the address anymore. Simply because the order is already sent.
