## Order not received

Raoul - 2017-04-07 - in Order

Our orders are stealth shipped through registered mail. On average an order takes up to 4 weeks to arrive and could be sent in multiple packages based on the size of the order. Please note that growth solutions are always shipped separately.

Have you been waiting for more than 4 weeks after the shipping confirmation and is your still nowhere to be found? Please contact our support team about your order.
